Prince of Persian Shadow Flame (MOD, unlimited money) - This game will win all fans of princes - Wanderers. I look forward to the new adventures you need to overcome and stay alive. We will enter the world of the past that realizes the future. You have to pass 14 amazing levels to achieve him. Now that you control your character even more easily, you appreciate the controls! There are tons of games already available in the Play Store for entertainment purposes. Today's younger generation loves action-packed fighting games. It is very interesting to complete missions and evaluate quests. When it comes to games, it's even more thrilling to the game. Some games are designed independently or inspired by other events, shows, movies, etc. The one game we talk about is inspired. The game is inspired by the movie Prince of Persia. The Prince of Persian Shadow Flame is based entirely on the story of the Prince of Persia. While playing the game, you follow up the story just like the movie. This is a role play game where you play as a prince. You will experience fighting demons, playing with magic and much more amazing fantasy gameplay. The special magic in the game is its weapon,Power. There are different weapons that you can choose from. This is a movie-inspired game, so weapons are different swords. Each sword has its own power with a high damage rate. The higher the level of sword, the faster you can finish the enemy. The game is exciting and energetic. You will be hooked on intense gameplay and creative graphics. Immersive sound and animation styles make gameplay more enjoyable. Coins are required to unlock new swords. If you don't have enough coins, you can also upgrade your current sword. But if you want to buy a new item, you need to spend real money. In this article, we will explain how to get all the premium features of Persia for free. So read on to learn more about the Persian prince Mod apk. Persian Prince Prince Mod APK Name Prince Persian Mod APK Version 2.0.2 Size 57 Mb Google PlayLinkcom.PrinceofPersia.mediadclient Mod Feature Unlimited Coins, Unlock Level Latest Update 21-Oct-2020 Price Free Genre Action, Fantasy Required Android 4.4+ If you've ever seen a Persian prince, it won't be hard for you to guess what will happen in the game. But for those who don't know, look ahead. To play the game, you need to follow the story of . But the story of the game is a little different from its adaptation. You have to complete all the levels to complete different quests in the game and save the princess. While playing Prince of Persia Mod APK, you're encountering different goblins, live skeletons, and demons. As you play the role of Prince in the game, you have to defeat all the demon demons that come your way. There are also different paths. To complete the round, you must select the correct path. Don't forget, even if you clear your path, there are different obstacles in the road, so you need to take care of them too. There are two ways you can kill skeletons on your way. The first one is when the skeleton is facing you. If this happens, try to avoid this condition as much as possible, as you will need to hit more time to kill the skeleton. Secondly, when the enemy faces opposition, attack in such conditions as soon as possible, you only need to hit the enemy once and he is dead. Combo attacks can also be performed by forcibly terminating multiple skeletons in the same encounter. If you have a strong sword, you will enjoy killing enemies. Persian Mod APK Prince Graphics When we talk about graphics in every article, we mainly focus on frame rate and resolution. So speaking of Persian MOD APK Resolution Prince, it offers a pretty decent 720p resolution. For frame rates, you will generally see 35-45fps. But the animation is so smooth that it's overall. The game has a decent graphic quality. Mod APK Prince Features You won't really enjoy the game unless you have all the features to play. Below are some features you will get laterPersian Prince Mod aPK. Unlimited coins to upgrade your weapons or buy new ones, coins are required in the game. If you die while completing a quest and want to continue again from that location, you need coins. So with our mod apk, we've added an endless amount of your coins. Spend as much as you want. Unlocked levels Sometimes you want to complete the level, get bored and play the level ahead. So, to solve this problem, we have already unlocked all the levels for you to play.
